Fat Moose Donuts started with a little inspiration from our past and a new adventure here in Southeast Kansas.

We're Greg and Betti, and after spending 18 years in Alaska, we brought a lot of great memories with us when we made our way to Kansas. Alaska will always hold a special place in our hearts, and the name Fat Moose is our way of keeping a little piece of it with us.

For our family, those years were filled with plenty of adventures. Greg made some unforgettable memories hunting moose with our son. And if you've ever visited Alaska, you know that spotting a moose never gets old. No matter how many times you see one, it's always a treat!

We were also busy raising two kids who kept us running in every direction. Between sports, practices, games, and everything else that comes with keeping up with an active family, there was always somewhere to be. Some of our favorite moments were the little stops along the way, especially stopping at one of Alaska's drive-thru coffee huts to grab a favorite drink with our daughter on the way to an event. Those simple moments became part of our family routine and memories we'll always treasure.

Those experiences helped shape the idea behind Fat Moose Donuts. We wanted to create something of our own that brought people together, gave us a chance to connect with others, and added a little fun to someone's day.

Today, that idea has become a mobile donut and coffee shop serving communities throughout Southeast Kansas. We make fresh, hot mini donuts, specialty coffees, and fun drinks, and we love taking our purple trailer to local events, visiting new towns, and meeting the people who make these communities special.

Fat Moose Donuts is more than just a business to us. It's a little piece of our family's story, a reminder of the memories that brought us here, and an opportunity to make new ones along the way.

Whether you're stopping for a box of fresh donuts, picking up your favorite drink, or just coming by to say hello, we're glad you found us.

Thanks for supporting our little business and being part of our next adventure!
